CAROL WALTER

Trojan 1976

Carol,

To a great friend who I wish the best of luck to. Remember all the great times we've had together. All the midnight pizza parties and pizza huts we've gone to-getter were great times for-getter. Now as we go our separate ways, my luck and well be in the future. I trust to see you. It should be fun to see how the class has changed, when we have our reunion in 5 years. Take care and keep in touch in the years to come.

Love,
Marcia

A time to build up
A time to break down
A time to laugh

Faculty

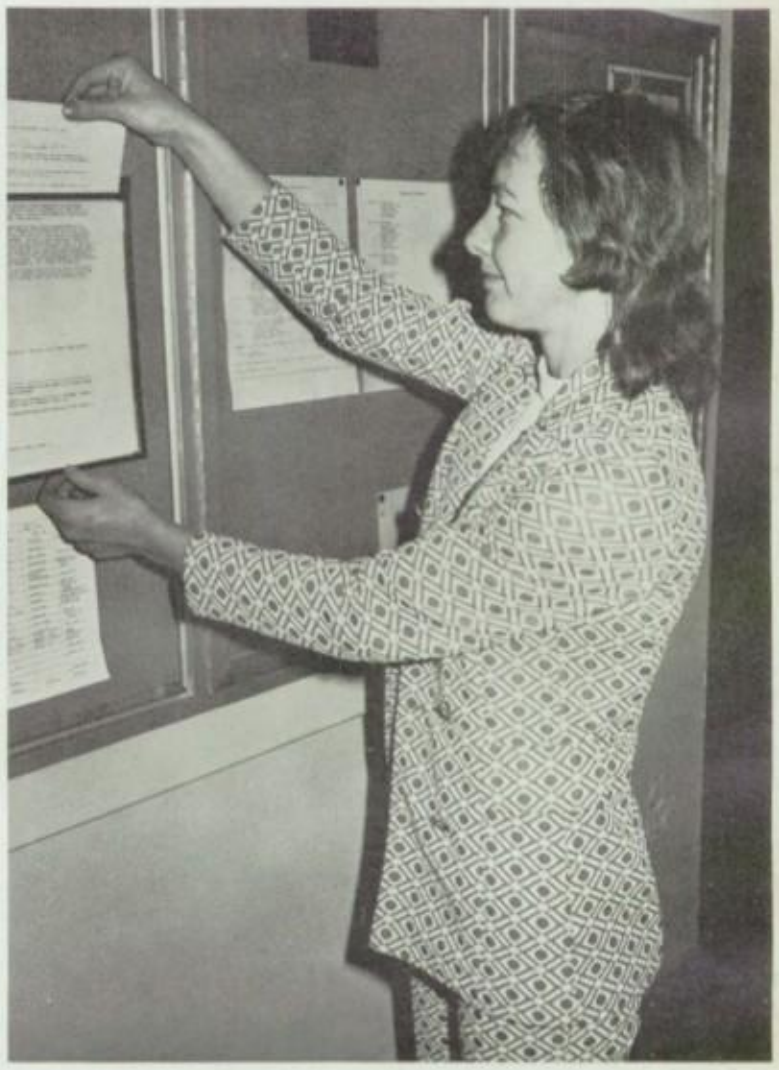
Board of Education Sets School Policy

The Board of Education serves as the governing body for the West Central School District. Its members include From Left to Right; Francis Hentges, Carroll Huffer, Lorrell Larson, Charles Meyer, Carolyn Vollan, and Business Manager, Elmer Blair. Charles Meyer is President of the board.

Serving in his second year with the West Central Independent School District #154 was Superintendent Fred Grimme.

Mr. Maurice E. Lee acted as principal to the high school students and faculty.

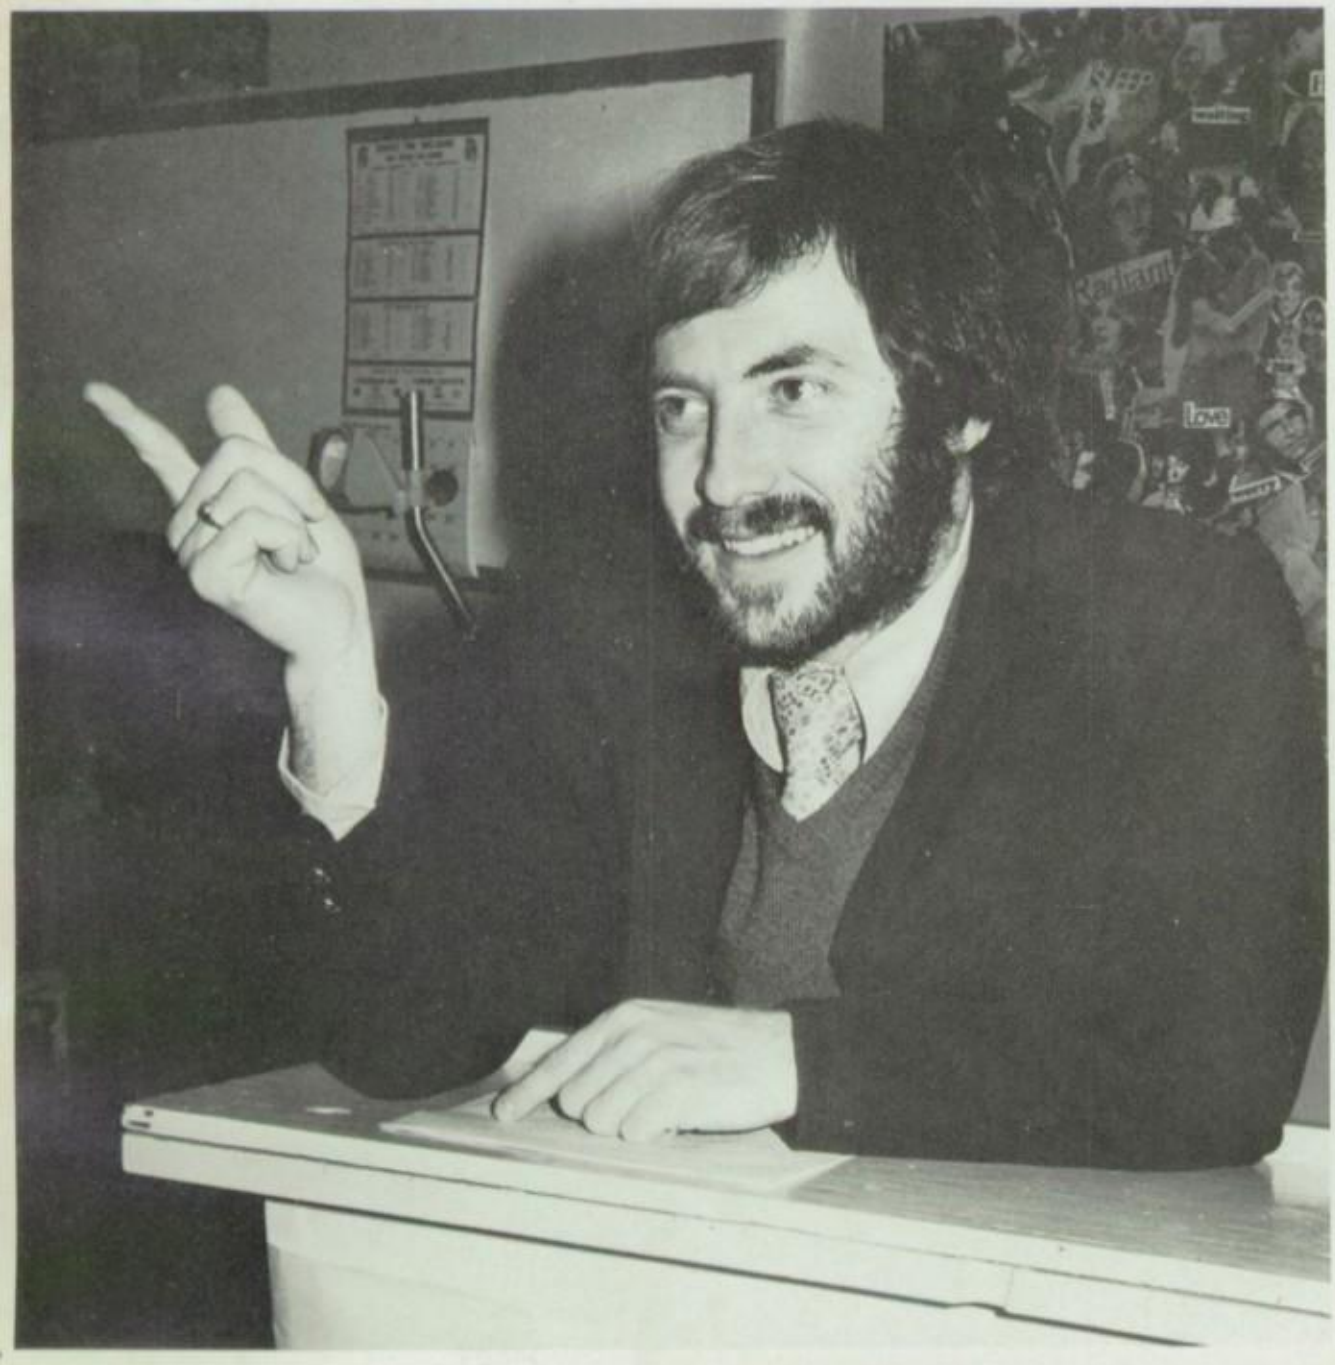
Secretary to the Business Manager was Mrs. Betty Lias (Left). Mrs. Diane Uttecht was secretary to the superintendent.



Mr. Lee's efficient secretary was Mrs. Ramona Wehrer.

Since this is America's Bicentennial Year, the 1976 yearbook staff asked each of the teachers, "How do you think America has made it this far and where are we headed from here?"

"Despite the problems in our society, the U.S. is undoubtedly the country which enjoys the most freedoms and offers the most opportunities, and I think our future is terrific." That famed quote was given by Mrs. Mary Halseth. She taught English II, Speech, Contemporary Studies and also coached declam.



As a new teacher at West Central this year, Mr. Mark Ponwith taught English IV, Debate, Journalism and he was assistant coach in football and wrestling.

Mr. Ponwith believes, "America has made it this far by sheer ingenuity and desire."

Students Stimulated by Literary Classes

Duties of Mrs. Fayola Gaspar were teaching English I and advising the Freshman Class. She believes that "America is a great country. It will continue to be the greatest country in the world if each one of us in our own little world will stand up for the freedoms, and accept the responsibilities handed down by our forefathers."

English III, Drama, and German are classes that have kept Miss Diana Hummel busy this year. She was also a declam coach and Junior Class advisor. She feels "We're headed for a time that will require us to produce good leaders in order that we may have renewed faith in our country."

New Faculty Members Teach Special Education Classes

Miss Pam Barth taught Special Education and coached the Girl's "B" Basketball team.

When asked about America's past, she said, "It is evident to me that America is still in existence for the mere fact of the motivation that our society breeds. It is a combination of motivation from our areas of society may it be science, math, economics, etc. I feel we owe a lot to those people for having the want to succeed, and to be able to endure all that is within."

Miss Monica Miller, a graduate from Dakota State College, helped out in Adjusted English and Reading. She advised the Pep Club and the cheerleaders.

"In the last few years a lot of things have happened to threaten our government and country. I feel because of these past experiences, the American people will take great precautions in striving to maintain a democratic government, and the rights of the people that it includes."

Mr. John Vande Weerd served as assistant football coach and head wrestling coach. He taught sociology, psychology, and boy's physical education and health.

"Pride in ourselves, our country and what we stand for has helped us make it this far." This is how Mr. Vande Weerd feels about America's past.

Mrs. Vicki Kolb said, "The U.S. has come this far through diplomacy and initiative on the part of the American people and their leaders. We are heading toward a more peaceful, healthful, and honest country."

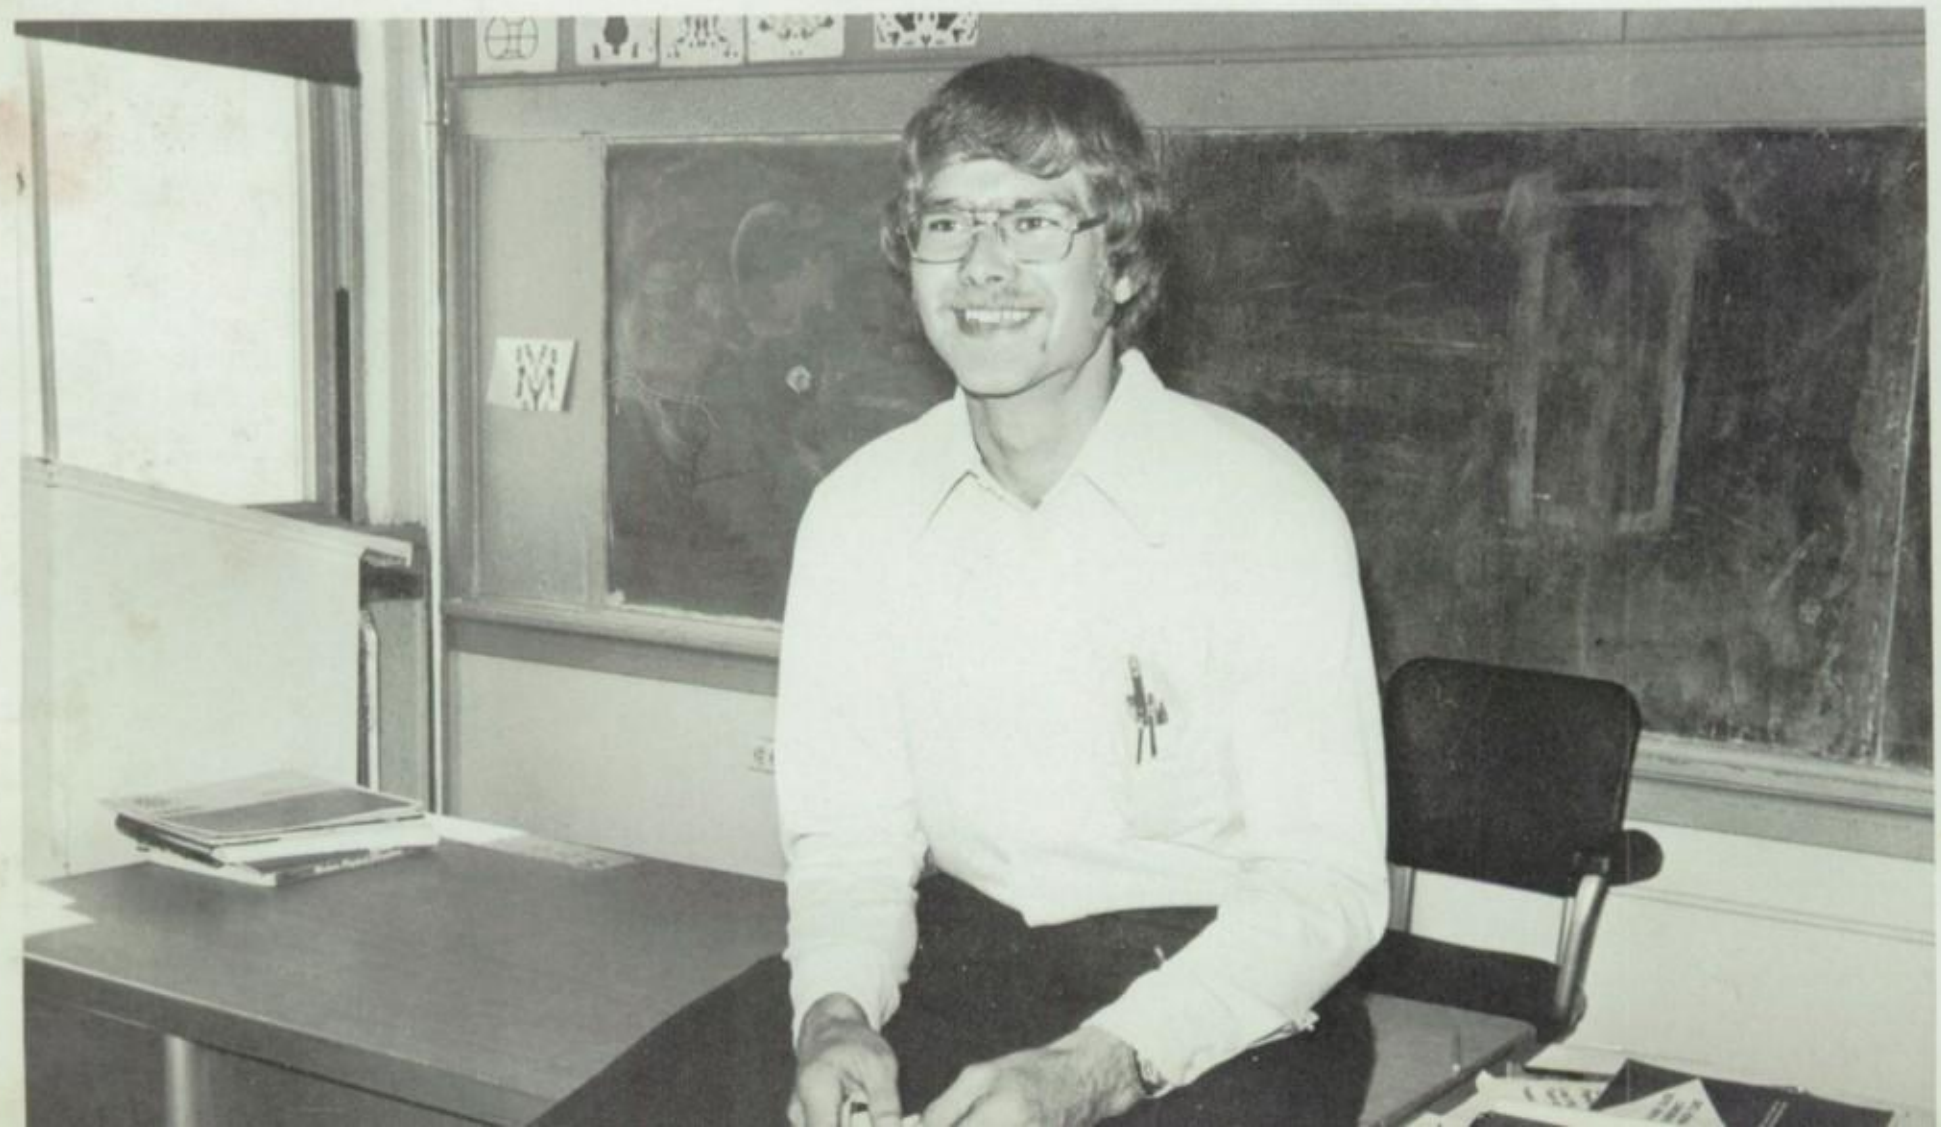
She kept busy around West Central by teaching American History, girl's physical education and health. Outside the classroom, Mrs. Kolb was drill team advisor, girl's "A" team basketball coach, and head girl's track coach.

Knowledge of Gov't Useful in International Relations

With her regular duties of running the library, Mrs. Mary Johnson also taught International Relations. When asked about our Bicentennial, she stated, "It was the strength and character of the people. Now everyone will be more conservative."

Mr. Brady Lunde taught Government and Algebra I. He was also a freshman advisor and junior varsity football and basketball coach.

Mr. Lunde feels, "We made it by the will of our forefathers. It took a lot of hard work and working together. It will take a lot more in the future to make it."



Mr. Craig Jensen started his first year at West Central by teaching Bookkeeping, General Business, Distributive Education and was a freshman advisor. Mr. Jensen feels, "The United States Constitution has given the people the freedom and power to keep the government in its proper place, by the people and for the people."

Teaching Typing I, Typing II, Office Practice and Shorthand has kept Miss Betty Jo Foos with a full schedule. Miss Foos thinks that, "We've gotten where we are today through the work of people who really cared about each other and were determined to make their plan of government work." In the future, Miss Foos hopes for the best.

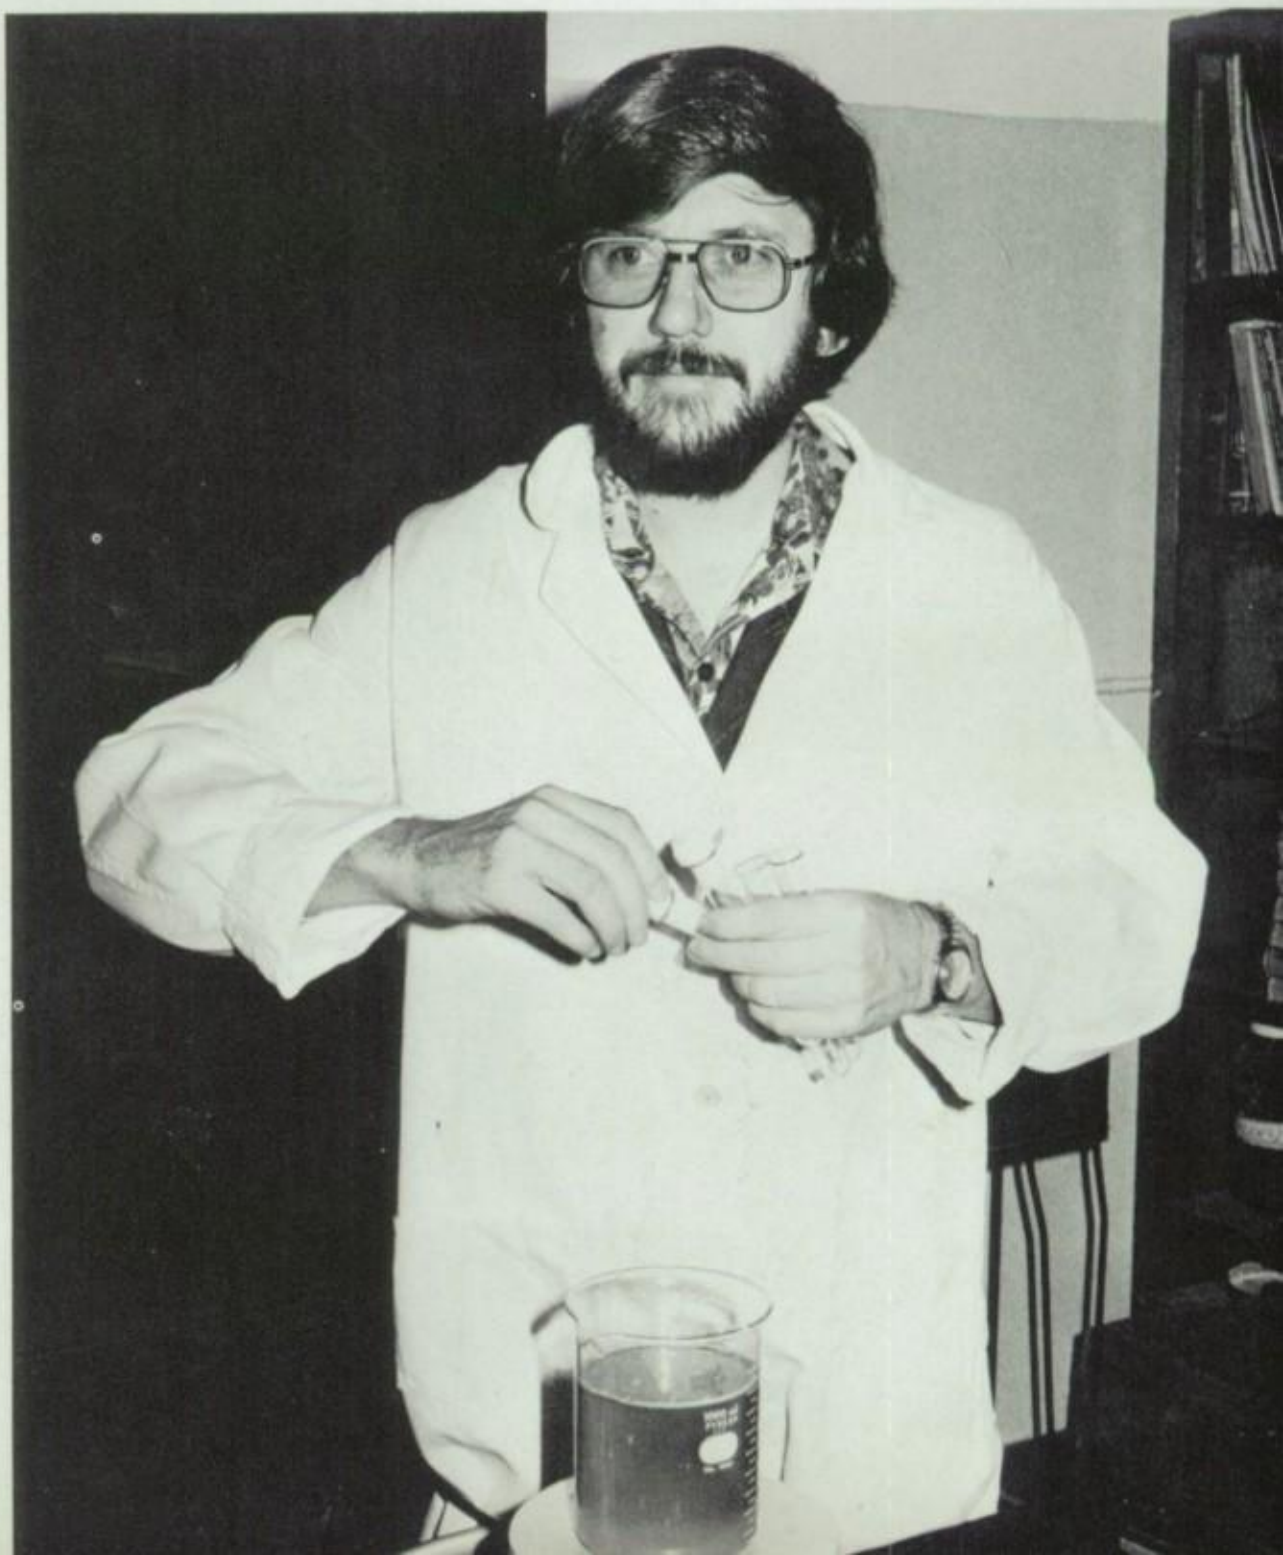
New Courses Offered in Science Department

This was Mr. Jim Uttecht's second year at West Central. He taught Physical Science and Advanced Biology. Mr. Uttecht thought, "This country has made it this far through dedication and loyalty. I feel America will continue to progress, but for different reasons."

Mr. Dave Strom continued as the Sophomore Biology teacher and added a successful year of teaching Chemistry at West Central.

Mr. Strom feels, "We've made it this far by a good deal of hard work, an excellent education system and a desire by a lot of people to achieve this goal.

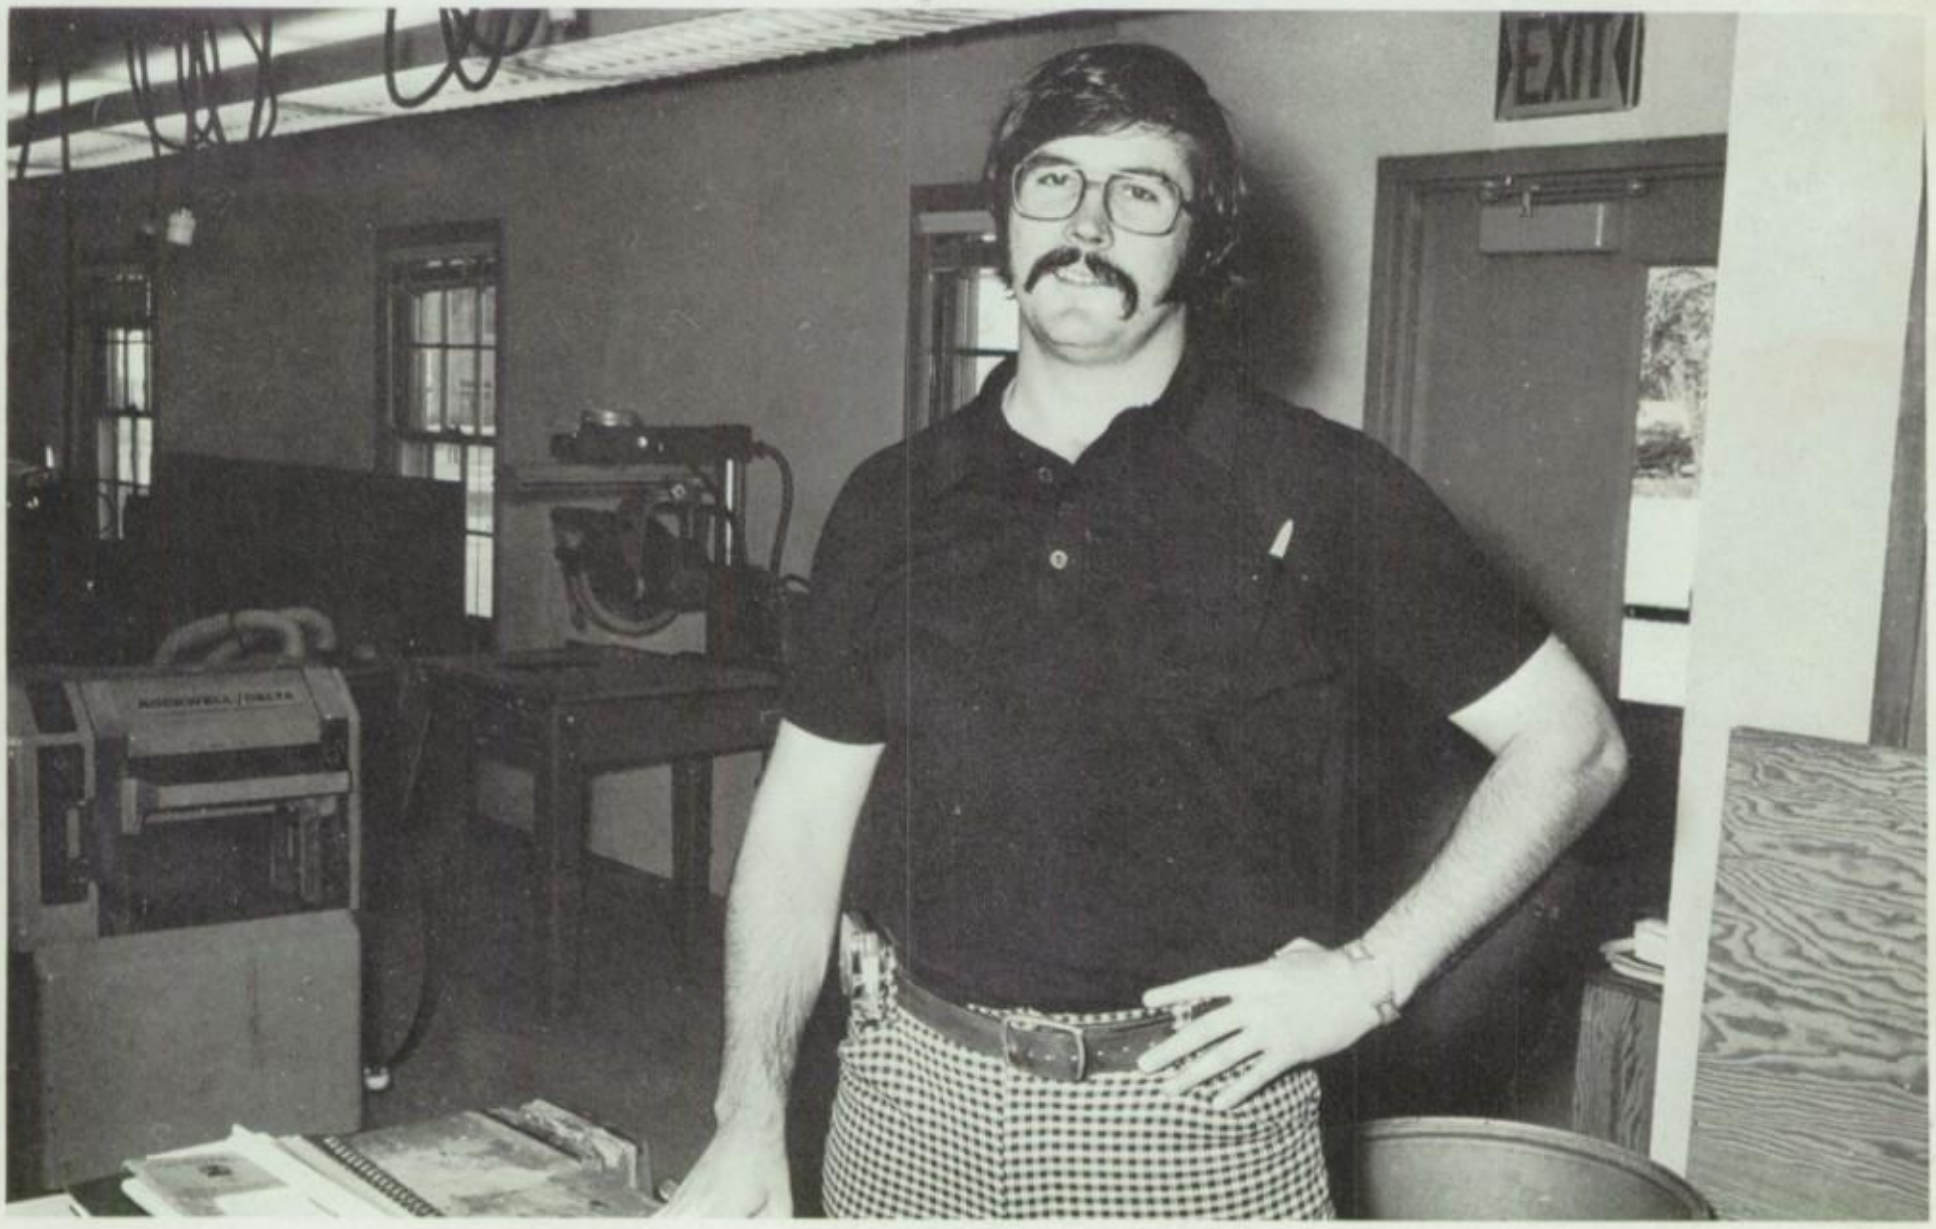
This page is sponsored by
OAKLEAF AUTO CRUSHING.



Mrs. Betty Strom taught sewing skills to the students that took Home Ec., both boys and girls. She also advised FHA. Mrs. Strom feels, "America's achievements have been a result of a dedication to the work ethic and a pioneer spirit."

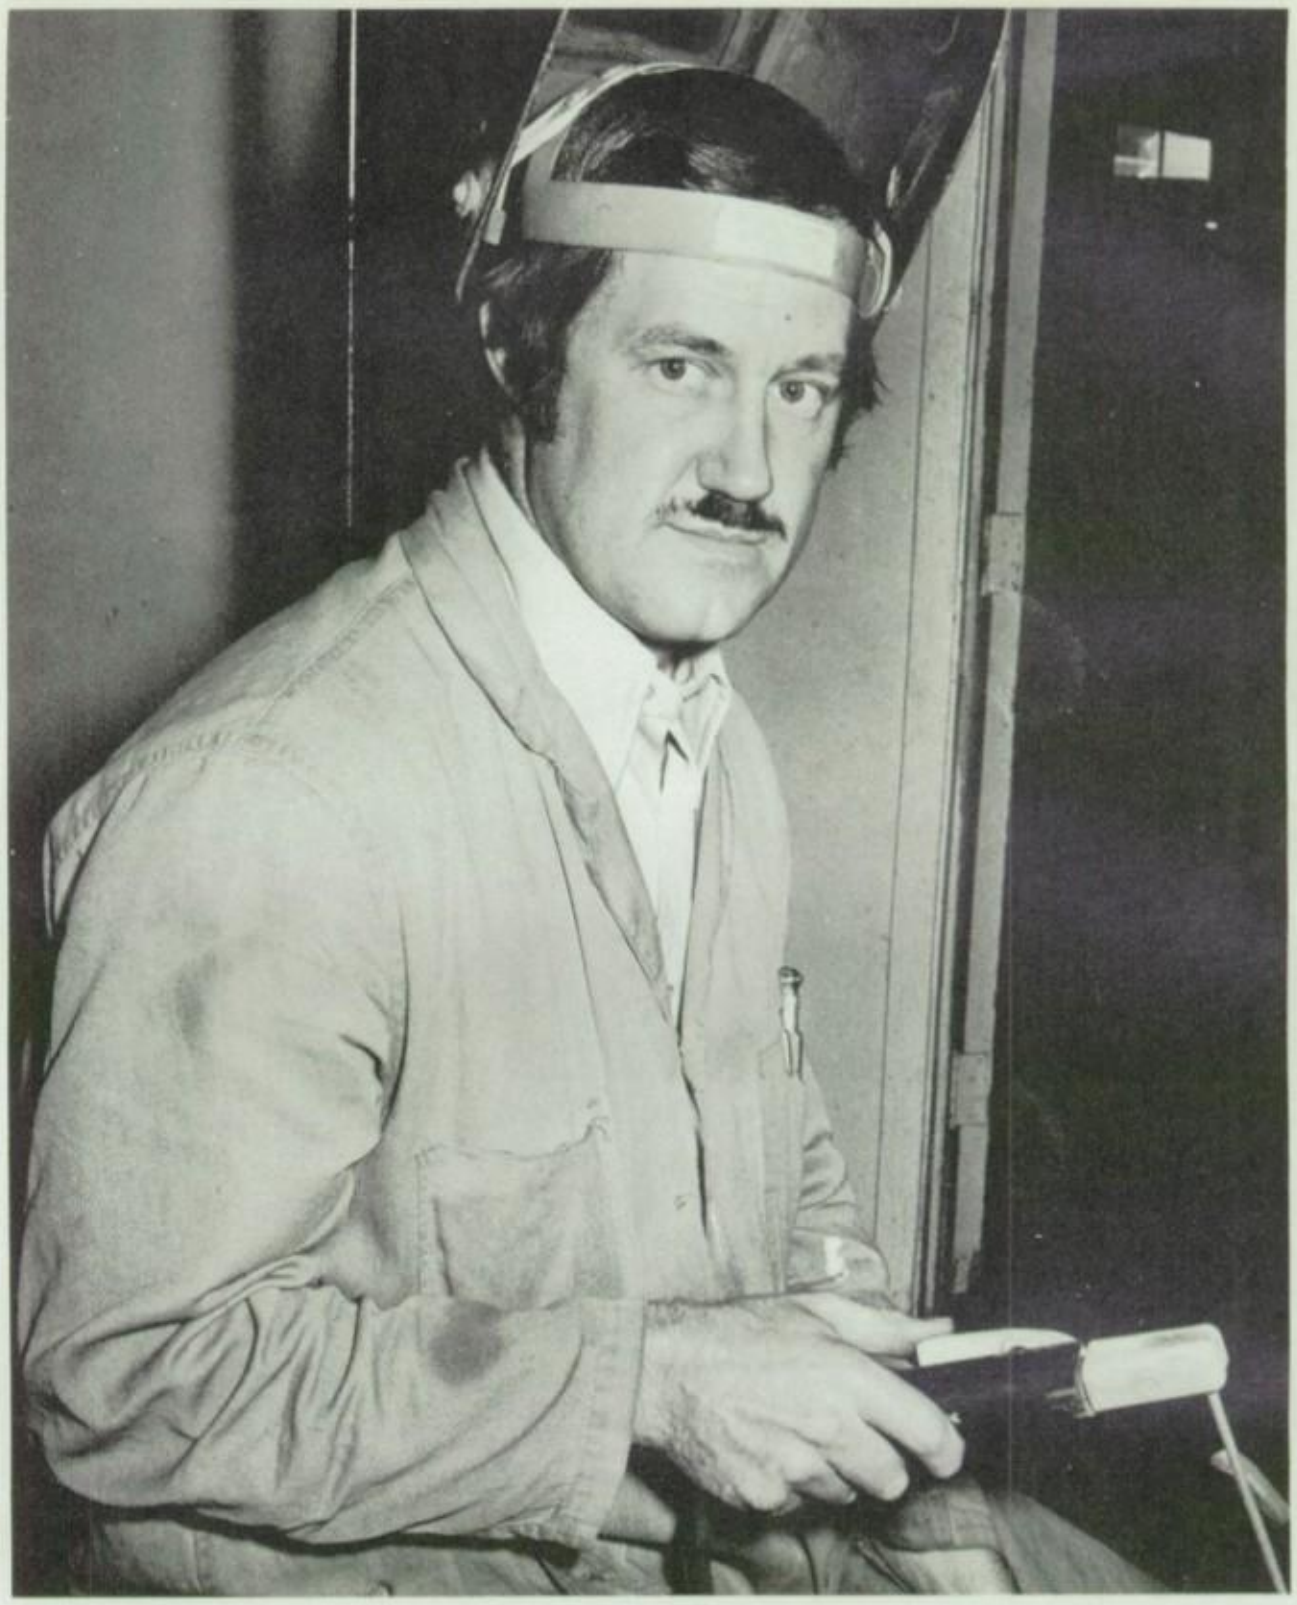
Mr. Pat Murphy was busy teaching Industrial Arts I and II, Advanced Drafting, and Driver Education.

Mr. Murphy said, "America is a country founded on the principle of freedom and equality."



The classes Mr. Odean Dickerson taught were Industrial Arts III and IV, Advanced Drafting and Girl's Shop. Mr. Dickerson was also an advisor to the Junior Class, which involved participation in the magazine drive and prom organization.

In reply to our bicentennial question Mr. Dickerson's observation of the nation was: "We made it through 200 years on our own personal initiative but now it's pretty close to the Roman Empire."



Involved in the basics of cooking, FHA, and the junior class Mrs. Beverly Skrovig was given an added addition of teaching personal perspectives to senior boys.

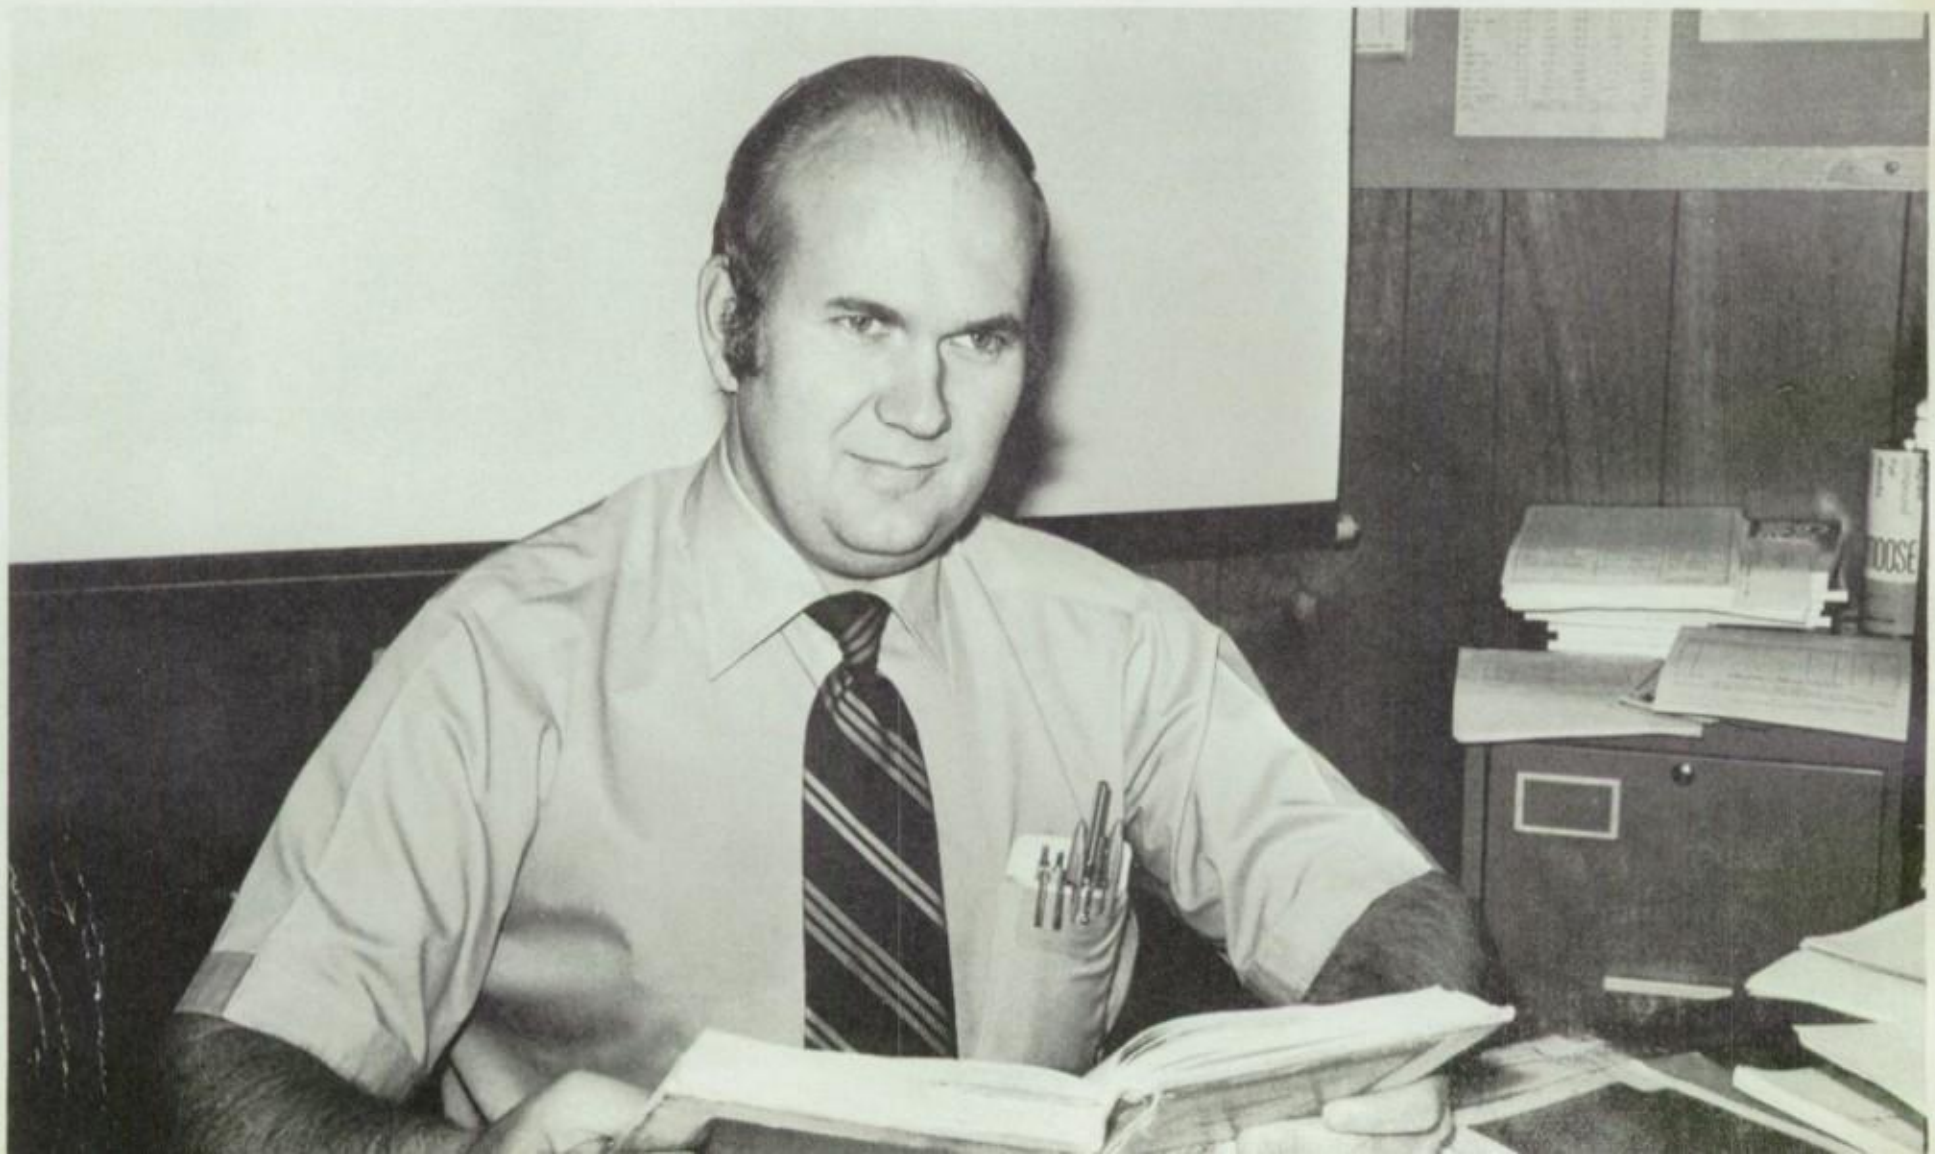
She believes, "The moral and religious values and integrity of the American people are responsible for our great country. These values must regain importance if we are to maintain a role of leadership in the world."

Mr. John Sweet proved himself successful this year in helping students, especially seniors, find more information about colleges, vocational schools and employment. These qualities were also shown through his work with the senior class and National Honor Society.

In reply to our question Mr. Sweet said, "America is where it's at today because the people have faith and confidence in one another and themselves. This faith and confidence will continue to make America the best place on earth to live."

Mr. Richard Shogren had many opportunities to work with students at West Central. He was involved in Geometry, Algebra II, Senior Math, Advanced Math, and Remedial Math. During this year he coached Cross-Country, Freshmen Basketball and Track with an added attraction of Girl's Cross-Country.

At the opportunity to state something about the nation, Mr. Shogren said, "The United States has made a great advancement in education and science in the past 200 years. At the same time the spiritual and moral character of the nation has fallen to a very low norm. If this fall continues, this country is a question mark for the future."



Refinement Through the Arts

Directing the band and making arrangements for the Rapid City Dakota Days trip was Mr. Robert Rasmussen. According to him, "The future is always questionable. If we feel that nothing can go wrong with America we definitely will be in trouble because we are not trying to solve future problems. When we can get together to work out our problems that we have now, we shall continue to be a strong country."

Mr. Fullenkamp was the choral director and musical director in his third year at West Central. When asked about America's past and future, he said, "Life, liberty and the pursuit of happiness has kept this country shining forward and it will continue to move in this direction if we can each remember the other person's right to life, liberty and the pursuit of happiness."

Spinsters at West Central had their night March 19 at the Pep Club sponsored Spinsters Dance. Music for the evening was provided by "Cloudburst." The respective classes chose royalty for the occasion and seniors Dan Lindner and Cindy Kaffar were crowned king and queen of the event. For this dance the girls were encouraged to ask the guys.

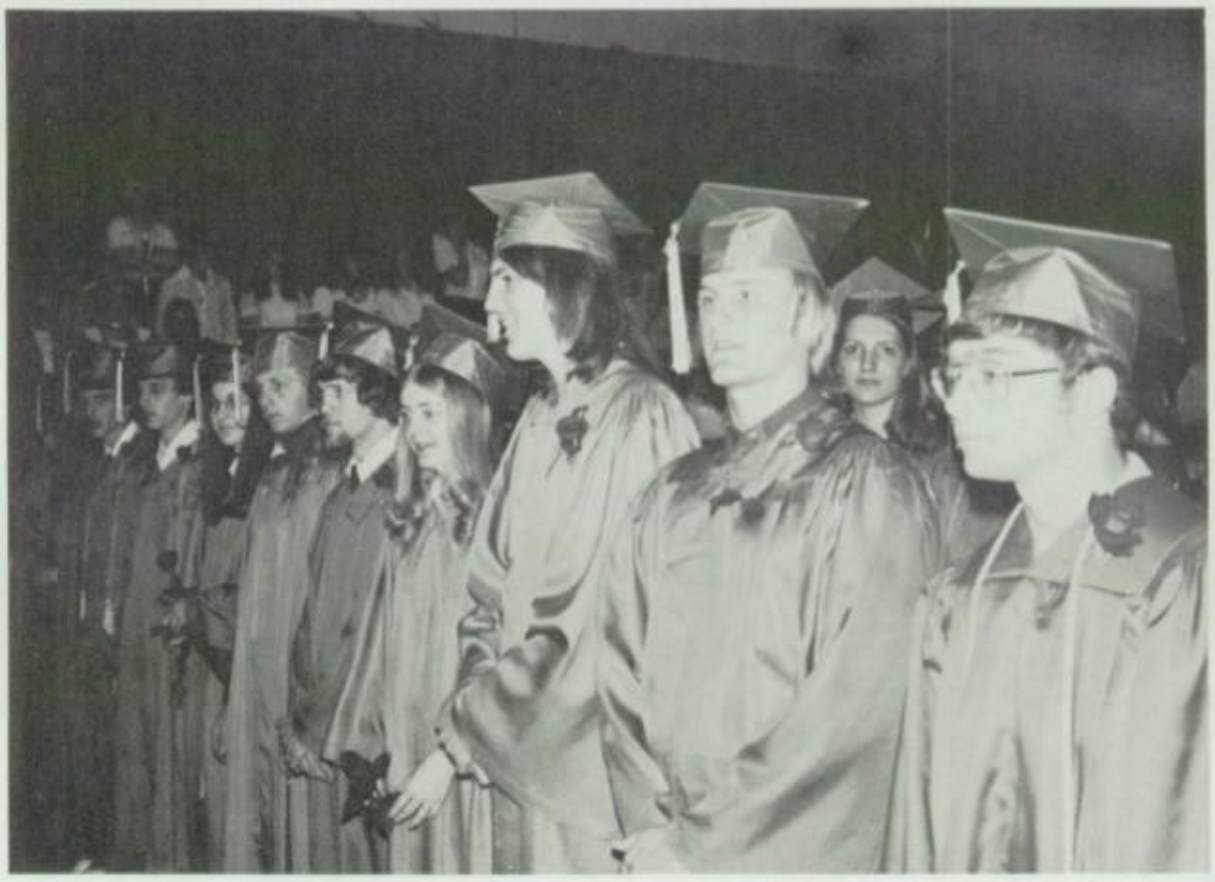
Mr. Lee DeBoer from USD Springfield gave the commencement address on the theme, "Heads You Win." Father T. P. Coyne of St. Ann's Church in Humboldt rendered the invocation and benediction.



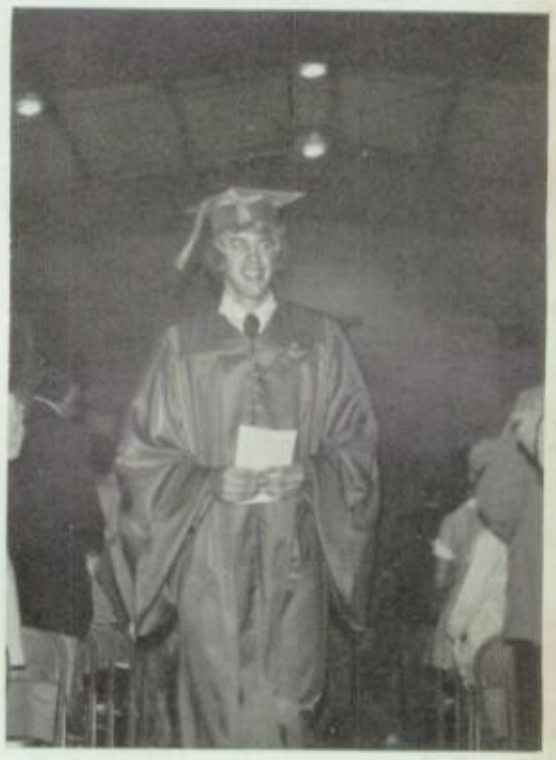
The Class of 1976 was the second smallest graduating class in West Central's history with sixty-six members. Twenty-one seniors wore the gold honor cord signifying a 3.0 and above grade point average.

Gary Steams and Rod Anderson were the Valedictorian and Salutatorian. These honors are accorded to the two highest ranking members of the class.

This page is sponsored by TYLERS BUSINESS--ROBYN'S NEST.

The senior ensemble sang two songs, "The Way We Were" and "We've Only Just Begun." The band played before commencement exercises and Sheryl Nelson played the processional and recessional.

"C'mon Dan, smile pretty for the picture."



"The thrill of victory!!!"

The Class of '76 chose one member of their class to speak as their representative. Gary Sieverding is pictured delivering his speech.

West Central once again presented an all-school musical--"Swinging High." The story takes you to Cooper High during the 50's when the world demanded more scientists. The new principal, Mr. McDuff, has a new plan that will establish "all work and no play" in the classroom. Miss Cook, the swinging single, as hard as she may try, can not get Mr. McDuff to conform to a little leisure time, until one day during a chemistry experiment, due to a love struck "A" student, Mr. McDuff accidentally blows up.

The worst case of amnesia sets in and you'd think Mr. McDuff was two completely different people (and he was!) The play had a happy conclusion when the 'changed' McDuff realized that there are more important things in life than science. (Take girls, for instance!)

"Dancin' to the music at Swinging High."

"How would you like a GOOD home cooked meal?"

"School is NOT the place for your hobby, Miss Cook!"

"CRAZY!!!"
